NATURALLY BRITISH

Bring a refined touch to elegant schemes with pretty yet sophisticated designs inspired by nature. Seek out soft colourways to instil a gentle mood or, for a more contemporary setting, neutrals or shades of grey lend a fresh feel to country themes, whilst layering print on print creates a timeless country style. Within a more polished scheme, look to furnishings or details with hand-painted motifs or that capture natural shapes in classic materials, such as marble, wood and metal.
