## BEST OF BRITISH

Iconic UK brand Liberty has applied its patterns to a new product this season and you'll love the results. Liberty Fabrics has teamed up with Alternative Flooring for a carpet collection - the first time that the company has used its iconic patterns on this type of flooring. The collection comprises four designs in 10 colourways, and includes everything from classic florals that evoke the 1930s, to hand-drawn exclusives based on a William Morris design from 1883. Also available as rugs, the carpets cost from £149 per square metre at Alternative Flooring.
